

*RADIC* 8 - **IN3** air

# COMPANY PRESENTATION

# TEST RESULTS SUMMARY

For many years, the Radic8 's sterilisation chamber has been **vigorously tested** by many **independent facilities and institutions**. The results on airborne pathogens are the same for all of the Viruskiller™ range.

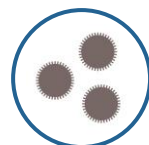

Viruses

Bacteria

VOC's

Particulate Matter  
(including Ultra Fine particles)

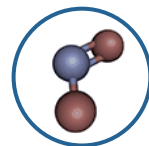

Fungi

Mould

Toxic Gas

Nitrogen Dioxide

## RESULTS SUMMARY

99.99%	Viruses killed
99.99%	Removal of bacteria, mould & fungi
99.99%	Removal of fine dust and particulate matter
99.99%	Removal of odor and toxic gas
99.99%	Removal of VOC's
0%	Ozone creation

# TECHNOLOGY TEST CERTIFICATION

## VIRUSKILLER™ CERTIFICATES

TYPE	NAME	YEAR	BY	TYPE	NAME	YEAR	BY
Bacteria	<ul style="list-style-type: none"> <li>Removal of Klebsiella pneumoniae</li> <li>Removal of Mycobacterium tuberculosis</li> <li>Removal of Staphylococcus aureus</li> <li>Removal of Streptococcus pneumoniae</li> <li>Removal of Streptococcus pyogenes</li> <li>Removal of Escherichia coli</li> <li>Removal of Strep pneumoniae</li> <li>Removal of Strep pyogenes</li> </ul>	2004	Sungkyunkwan University	Hazardous Gas	<ul style="list-style-type: none"> <li>Removal of Toluene, Nitrogen Dioxide, Amonia, Formaldehyde – Hextio&amp; VK</li> </ul>	2017	Korea Conformity Laboratories
	<ul style="list-style-type: none"> <li>Removal of various bacteria, fungi and mould</li> </ul>	2011	Korea Testing Laboratory Sogang University Hanyang University		<ul style="list-style-type: none"> <li>Hazardous gas removal (Toluene, Nitrogen Dioxide, Amonia, Formaldehyde) – Hextio &amp; VK</li> </ul>	2011	Korea Testing Laboratory Sogang University Hanyang University

				Noise	<ul style="list-style-type: none"> <li>Noise- Viruskiller</li> </ul>		

# BUSINESS CERTIFICATION

Multiple patents –reactor chamber, design, applications... – and certificates of performance all around the world

KC (Korea Certification) is a **Korean** National body that verifies the safety and EMC - Electromagnetic Compatibility.

Underwriters Laboratories (UL), means that the product has been tested and certified by a **US** National Recognized Testing Laboratory”(NRTL).

CSA is the **Canadian** Standards Association.

It is the same certification for electrical appliances safety standards.

CE certification that indicates standards for health, safety, and environmental protection for products in the **European Economic Area** (EEA).

FCC is a certification on electronic products in the **United States**. It certifies that the electromagnetic interference from the device is under limits approved by the Federal Communications Commission.

**International Organization for Standardization** (ISO) is an independent, international organization that deals with quality, safety, and efficiency of products, services, and systems standards.

# INTELLECTUAL PROPERTY

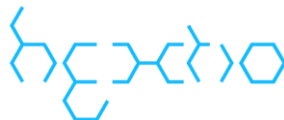

Multiple trademarks and web-domains associated with company brand names and initiatives, including Viruskiller, We Share Clean Air and Hextio

A global initiative to promote the sharing of clean air in indoor environments.

**VIRUSKILLER™**

VirusKiller™ offers a cutting edge technology for air purification and sterilisation

Hextio: The advanced air purifier and steriliser for home or office

**IN3air O<sub>2</sub>**

INBair O2 is the world's most portable, lightweight and stylish oxygen purifier.

we are  
**PROBIOTIC**

Probiotic cleaning products for healthier indoor environments.

# MEDIA APPEARANCES AND AWARDS

## AS SEEN ON

## AWARDS AND ACHIEVEMENTS

Voted top innovation for infection prevention - 2018

Top 100 most innovative companies - 2018

Finalist in global clean air competition - 2016 & 2017

Top 5 in innovation category - 2018
