

NEODIAMOND®

"Cuts like a hot knife through butter" – NEODIAMOND User

20% more diamond exposure combined with advanced Triton® bonding technology means superior hardness and longevity all while helping you achieve the precise, crisp margins you expect from a single-patient-use diamond.

They make Rolexes and burs?

You heard correctly, the same country that makes the finest timepieces in the world also makes the XactFit® shank that is unique to NEODIAMOND. Swiss-made XactFit shanks ensure integrity and adhere to the strictest shank diameter tolerances in the industry. No walking out of the hand-piece issues here.

Clean as a whistle...Actually cleaner than any whistle

Each NEODIAMOND is gamma-sterilized and individually wrapped and packaged in a clear poly packet. Pop the pouch, fit into hand-piece and do your thing knowing you won't be cross contaminating the area.

"I've tried other brands...
But always return to
NEODIAMOND."
